

HAWK-2IR/3IR Infrared illuminator, Dual voltage 12V DC/24V AC.
300 feet at 20° (HAWK-2IR) or 240 feet at 30° (HAWK-3IR).
Weather and Vandalproof. With cable through the bracket mounting

Specifications

12V DC /24V AC Dual Power Control

IR CUT Filtered CDS Sensor Built-in

- a) Accurate IR LED ON/OFF controlled by Digital TMIC™
- b) Stable Electric current supply for IR LED controlled by Digital TMIC™
- c) IR LED Automatic Protection from Overheating (IR LED Temperature Feed back circuit)

Accidental Surge and Shock Protector Built-in.

Operating Temperature : -14°F ~122°F

Storage Temperature : -24°F ~138°F

HAWK-2IR - 5mm dia. 100mA IR LED's x 160pcs (850nm, 20 degree, Spotview) =Visibility Range : 300 feet, Approximately 48 ~ 56 degrees

HAWK-3IR - 5mm dia. 100mA IR LED's x 160pcs (850nm, 30 degree, Wideview) = Visibility Range : 240 feet Approximately 68 ~ 74 degrees

Manufactured of cast aluminum
